Summary of Interviews

Applicant would like to thank the Examiner for his helpful comments during the interviews of May 22, 2006 and May 25, 2006. During these interviews, possible amendments were discussed that would put the claims into condition for allowance. In a voice message to David Perryman on June 13, 2006, Examiner Woitach indicated a claim that would be considered allowable by the PTO. Claim 38 has been amended based on the agreed language. Claim 4 is identical to claim 38 except that it includes the additional limitation "wherein the cell has a normal karyotype." Examiner Woitach further indicated in a telephone interview with David Perryman on June 21, 2006 that dependent claims 42 and 44 would be allowable as amended herein. Claims 37, 39-41, and 43 have been canceled.

Pursuant to the above, reconsideration and allowance of the pending application is believed to be warranted. The Examiner is invited and encouraged to directly contact the undersigned if such contact may enhance the efficient prosecution of this application to issue.

No fee is believed due. However, the Commissioner is hereby authorized to charge any fees that may be required to Deposit Account No. 14-0629.

Respectfully submitted,
